Dedication to John A. Hutton, Sr.

JOHN A. HUTTON, SR.

Engraved on the pages of our history are the names of those whose efforts and good judgment built the structure upon which our town has prospered. We trust that these special citizens have gained the recognition they so justly deserve.

As we examine the roster of town officials for the ensuing year, we find missing, the name of one special citizen, John Hutton, who has retired from public office after forty years of continuous service. His record of accomplishment cannot pass unnoticed, and his leadership and forcefulness will long be remembered.

John Hutton was born in Laconia, New Hampshire, in 1896 and came to Hampstead at the age of ten. He graduated from Hampstead High School in 1914 and is a veteran of World War 1. He was elected to his first public office in 1919, as constable, serving until 1925. In 1922, he was elected selectman, an office he held for twelve years. He has been a member of the Memorial Day committee and a trustee of trust funds.

John is best remembered as our Moderator, an office he has held for the past twenty years. Not seeing him at the rostrum, directing our town and school district meetings, is difficult to imagine. The name John Hutton and the word Moderator, had become synonymous. John's ability to control an audience, his sense of reason and fair play, and his knowledge of human nature, were important factors when governmental problems were being solved, and his undeniable wit, inserted at just the right moment, relieved many a tight situation. John's retirement leaves a huge gap for his successor to fill.

We wish to show our appreciation for what you have done for our town, and as an expression of our gratitude for your long and faithful service, we dedicate to you, John Hutton, this Annual Town Report.

NOTICES

Inventories are mandatory. They must be filed with the Selectmen on or before April 1st.

The Selectmen will meet the first Saturday of each month at 8 P.M. at the Fire House.

The Planning Board will meet the last Sunday of each month at 8 P.M. at the Fire House.

VETERAN'S NOTICE

All applications for veteran's exemptions must be in the hands of the Selectmen by April 15th.

Is This You -- And Us?

From "New Hampshire Town and City"

Commenting on Lee Mingledorff's intention not to seek reelection as Mayor of Savannah, Georgia, Judd Arnett in his *Savannah Morning News* column of March 2, 1958, made some sage observations on public service which are worth wider distribution. After praising Mayor Mingledorff for having done "a sterling job under adverse conditions," the columnist continued:

"In politics, as in civic affairs in general, it is one thing to sit on the sidelines and carp and hoot, but it is something else again to offer your time, your energy and perhaps some of your hardearned pelf to the cause of public betterment.

"Getting away from politics for a minute, let us say that no matter where you go in America, there is always a 'hard core' of the civic-minded doing the bulk of the work which, in the long run, aids the public at large. It seems to be human nature for the majority of us citizens to 'let George do it,' and as a result a mere handful of stalwarts run themselves bowlegged in behalf of community welfare and advancement while the rest of us blandly permit the world around us to go hang.

"The worst of it, however, is that those who serve year in and year out in various capacities seldom receive public acclaim for their efforts. Some of the most unpopular men we have known were among those who did the most to aid their communities.

"What, then, prompts even the few to serve? Well, we are told that there is a good deal of personal satisfaction to be gained from making a community blossom, but chiefly the urge to be of benefit strikes either those who are in business, and thus being in hock up to their eyebrows must make the mare go or wind up in bankruptcy, or afflicts

those who are in love with the communities where they have decided to spend the rest of their lives.

"In either case the reaction is the same. The faithful servants persevere and absorb the slings and arrows of criticism, or withstand the worst indictment of all—public apathy—because they know that no community stands still. It progresses or dies on the vine, and take your choice.

"It requires an endless number of proddings, coaxings, pleadings and alarm-rings to lead a community inch-by-inch along Progress Pike, especially when many of the people are dragging their feet. Fortunately, there are always men and women, the cream of our citizenry, who are willing to lead the way, even though they know in advance that they aren't likely to receive an ovation in the court house square for their efforts."

TRAILER REGULATIONS

Authority was granted to the Selectmen to issue temporary permits to owners, renters, users, or occupants of house trailers or mobile homes, so called and others whose intent is to park or occupy, or both, said trailers within the confines of the town. Permits shall be issued for a period of no longer than one year, and shall be granted only after due consideration to the health, safety, prosperity, morals and general welfare of the town and its inhabitants. Upon passage of this article, it shall be unlawful to park, or occupy, or both, a trailer as stated in the town without a permit. This regulation shall cease to exist when more trailer regulations are adopted.

(Passed March 13, 1956 at the Annual Town Meeting.)

TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hampstead in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Hampstead on Tuesday, the Tenth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

General Government	\$6,100.00
Protection of Persons and Property	3,510.00
Health	1,335.00
Highways and Bridges	11,300.00
Libraries	1,300.00
Public Welfare	3,500.00
Patriotic Purposes	335.00
Public Service Enterprises	1,350.00
Unclassified	300.00
Interest	350.00
County Tax	7,000.00
	<hr/>
	\$36,380.00

3. To see if the town will vote to authorize the Selectmen to hire money for the use of the town in anticipation of taxes.

4. To hear reports of Auditors and Committees and to act thereon.

5. To see if the town will vote to authorize the Selectmen to administer or dispose of any Real Estate by public sale acquired by the town through Tax Collector's deeds.

6. To see if the town will accept State Aid Construction of Class V roads, and raise and appropriate, or set aside for said purpose the sum of \$175.34. State share \$1,168.95.

7. To see if the town will vote to raise and appropriate the sum of Three Hundred Dollars (\$300.00) to be used in conjunction with Two Hundred Dollars (\$200.00) being raised by the volunteer fire department to meet payments due on money borrowed from the bank for construction of the new fire house in East Hampstead.

8. To see if the town will vote to authorize the Selectmen to issue order restraining all dogs in the town.

9. To see if the town will vote to establish a Selectmen's Office and raise and appropriate a sum of money for same. (Selectmen to report on this Article)

10. To see if the town will vote to raise and appropriate the sum of \$294.30 to pay for the repairs to Town Hall Belfry.

11. To see if the town will vote to authorize a change in zoning of the Bailey Estate, now owned by the Duston Bros., so that a part of what is now Zone A, shall become a part of Zone B, according to a map posted in the Town Hall, thereby extending Zone B to a distance of approximately twelve hundred (1200) feet from the main road, known as Emerson Avenue, such twelve hundred feet to remain in Zone A. (By Request)

12. To see if the town will vote to approve the changing the name of the so-called "Ball Park Road" to "Holliday Lane." (By Request)

13. To see if the town will vote to install four (4) highway lights on the "Wash Pond Road," so-called; one

near the residence of Myron Ordway; One near the junction of Brown Avenue; One near the residence of Murphy; One near the residence of ———, formerly Snow. (By Petition)

14. To see if the town will vote to install two (2) highway lights on Kents Farm Road; One near the residence of Arthur Pierce, and One near the residence of John Chesleigh. (By Petition)

15. To see if the town will vote to install three (3) street lights on East Shore Drive; One at the junction of Ells Shore Drive; One at the curve opposite the MacDonald residence; One on Pole fourteen (14) at the end of the road. (By Petition)

16. To see if the town will vote to install a Mercury Light in West Hampstead at the junction of Route 121, and the Derry road adjoining property owned by the town of Hampstead.

17. To see if the town will vote to install Highway Light in East Hampstead, at the junction of Routes 121A and New Route 111. (By Request—Light Committee)

18. To see if the town will vote to return to their original locations the street lights located originally, 1st., on Emerson Avenue on pole between Waters and Cornwell homes. 2nd., Two lights, one between Darlings Store and residence and the second between Darlings store and the Soldiers Monument. (By Request)

19. To see if the town will vote to reconsider Article 1 of the Special Town Meeting held January 24th, 1959 and to act thereon. (By Petition)

20. To see if the town will vote to order the assessors to assess the property known as the Camp Tel Noar property and the tax collector be ordered to send tax bills and take all necessary actions to collect same. (By Petition)

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and fifty-nine.

DORIS M. SPOLLETT

LINCOLN K. DRAKE

W. G. EWING

Selectmen of Hampstead

A true copy of Warrant—Attest:

DORIS M. SPOLLETT

LINCOLN K. DRAKE

W. G. EWING

Selectmen of Hampstead

The polls will be open to vote for town officers from 10 A.M. until 9 P.M. The appropriations for the money to be raised will be during the evening hours, beginning at 8 o'clock.

BUDGET OF THE TOWN OF HAMPSTEAD, N.H.

Estimates of Revenue and Expenditures for the Ensuing Year January 1, 1959 to December 31, 1959. Compared with Estimated and Actual Revenue, Appropriations and Expenditures of the Previous Year January 1, 1958 to December 31, 1958.

	Estimated Revenue Previous Year 1958	Actual Revenue Previous Year 1958	Estimated Revenue Ensuing Year 1959
Sources of Revenue			
From State:			
Interest and Dividends Tax	\$800.00	\$1,020.23	\$1,000.00
Savings Bank Tax	30.00	51.65	50.00
For Fighting Forest Fires		36.80	
Reimbursement a/c Old Age Assistance		52.00

REPORT OF SELECTMEN

Your Board of Selectmen presents the following summary of Town affairs for your consideration.

TOWN ROADS — The Ayer road was completed early in the year, and is in good condition. The so-called "Ball Field" road to Island Pond has been rebuilt, the accepted portion by the Town using T.R.A. funds, and the balance by the property owners. Some work has been done on the East Shore Drive on Sunset Lake, but the surface water drainage problem has not been completed, so no permanent work can be done at present. The re-location of Route 111 through our town has been completed. Elsewhere in this report are some pictures taken by Mrs. Edwin Coombs during the progress of this work. The Town has assumed responsibility for the old route, and for the time being, at least, for the portion of the East Road from Emerson Avenue to the new Route 111.

SPICKETT RIVER CASE — Progress has been made by our Town Counsel with the Attorney for the Cariolet Corporation, and it is possible that an early compromise settlement will be worked out.

PLANNING BOARD — Once more we want to express our appreciation of the work done by these men, and recommend your attention to their report. The Trailer or "Mobile Home" situation is considered important enough to warrant a state-wide conference, which will have been held before this report reaches you. We will be represented at this meeting, and further reports will be made.

We regret the loss of two veteran members of the Planning Board — Wendall Wyatt who has left town, and Edmund "Duffy" Lewis, who declined a re-appointment. Both of these men have given generously of their time and ability as members of this Board and will be missed.

STREET LIGHTING — Following the vote of the Town Meeting of March 11 of last year, a committee to survey the street lighting situation was appointed, the members being Maurice I. Randall, R. Arthur Johnston and Lester Houston. The committee enlisted the help of the district officials of the New Hampshire Electric Co. who in turn brought in a street lighting engineer from the General Electric Company. A complete survey of the town was made for the purpose of recommending a proper system of highway lighting. The committee brought in a report with recommendations, including a map of proposed locations, to the adjourned Town Meeting on April 1st, at which time the meeting voted approval of the report and the adoption of the recommendations. These have since been carried out. Most of the comment has been favorable, but there have been some objections. It is our hope that any who disagree with the judgment of the committee and its advisors will give the plan a fair trial before asking for alterations. We feel that the committee did a fine piece of work and wish to commend them for it.

TOWN OFFICE — Once more we bring to your attention the need for a suitable office for the Selectmen and other town officers. At present, tax books, papers and other records used by these officers are in six different locations, some of them being unsuitable for such records, and making the work of your officials more difficult than should be necessary. The Board will have a recommendation for the Town Meeting.

WHITE PINE BLISTER RUST CONTROL — On the recommendation of the State Forestry Dept. the town appropriated \$400.00 last year for this purpose. To this amount was added \$690.87 from State and Federal funds. A detailed report appears elsewhere. About three-fourths of the town has been covered. The State Dept. recommends an appropriation of \$200.00 for 1959, stating that the work which could be done for this amount should protect the town for the next ten years.

PROPERTY VALUATIONS — An article in the October 1958 issue of "New Hampshire Town and City," the publication of the New Hampshire Municipal Association, opens with this sentence: — "Most New Hampshire municipalities have never had a sound, equitable assessment of property values." We appear to be one of the "most." Your Board is concerned with some inequities and, while property assessing is not a new problem, it is becoming more complex. Some of the old accepted standards cannot be justified in what is, to many of us, an unrealistic real estate market. Most town selectmen and assessors are not professionally trained appraisers, their work is difficult and often unsatisfactory on both sides, many times misunderstood. Many state governments, our own included, have entered the picture, in an attempt to help towns with this problem. For the first time, there is available a definite program including a "measuring stick" to cover all types of property and ensure a property owner that his place is being valued by the same method as that of his neighbor next door or over on another street. After a certain amount of instruction and demonstration, this work can be done by local assessors, but a large amount of time will be necessary, probably more than could be had in one year. The ideal plan would be a complete reappraisal of the town by experienced professional appraisers. It would be expensive, but we believe, in the long run, profitable. The cost to a New Hampshire town having about the same number of properties as ours was \$3,784.00. There will always be honest differences of opinion as to a high valuation/low tax rate and a low valuation/high tax rate; but with accurate, equitable valuations to start with, that problem can be worked out.

INVENTORIES AND VETERAN EXEMPTIONS — Those concerned are reminded that the law provides that inventories shall be filed by all property owners by April 1st. Forms are delivered with each Town Report.

Veterans should understand that it is *their responsibility* to request forms for tax exemption, and that these

must be in the hands of the Selectmen by April 15th if they are to receive consideration.

APPRECIATION — To Thomas Root, our perennial

Memorial Day chairman, for one more fine program.

To Wesley Stone, for graphs in this Report.

To Fred Fitch for the cover design.

To members of the Fire Association for painting in the Fire House, and for work on the new house in East Hampstead.

To the Civic Club, for work done in insulating the Central School.

To the Civic Club and Al Custeau, for sponsorship of our Little League Baseball teams, and to John Mirabito and Oliver Boisse for their work with the boys.

To Leslie George, Jr., Highway Agent and Norris Webster, Sexton of Cemeteries, whose work has received much favorable comment this past year.

To Mrs. Whiteneck, our Librarian, whose conduct of our Library has been complimented by both residents and summer visitors.

MONTHLY BOARD MEETINGS — Your Selectmen meet regularly at the Fire House on the first Saturday of the month at 7:30. Routine business is transacted and bills are approved. Not much more happens, unless someone is disturbed about something. We would welcome your presence at those meetings, to discuss town affairs, answer questions, receive your suggestions for the good of the town. You elect us to carry on *your* business. Mostly we have to guess at how you want it done and use our best judgment. There may be times when some of *your* judgment would help.

DORIS M. SPOLLETT

REPORT OF FIRE ENGINEERS

In the past year we have had fourteen calls: seven woods and grass fires, three fires pertaining to motor vehicles, three miscellaneous fires and one major house fire which was the St. John's apartment house on Main Street. We also had four out-of-town calls: two fire calls to Derry, one fire call to Sandown and a call for the resuscitator to Chester. This has been a very good fire record and we hope the residents of Hampstead will continue to use extreme caution with outside fires and fireplaces, and in checking for faulty heating and electrical fixtures and appliances.

During the past year I have issued twelve permits for oil-burning furnaces. As a reminder, the law requires a permit for all new automatic oil furnace installations.

Most people know of our fire house which is under construction in East Hampstead. It is being built mostly by volunteer labor and will be a two-stall garage. We have a thousand gallon tank truck which is nearly ready for use and which will be kept in the new building. We would like to thank everyone who has helped with this project.

To report a fire, dial DAVis 9-6942. We would like to ask people not to use this number for information. It is meant only for reporting fires.

I would like to take this opportunity to thank the people with red network phones, firemen, engineers, and everyone helping to make ours a fire department of which we can be proud.

GENE T. DUSTON,
Chief of Board of Engineers

REPORT OF THE POLICE DEPARTMENT

Tribute and fond memories are extended to MICHAEL MUNYON. A member of the Police Department for only a short year, "Mike" was called to fulfill his inevitable duties in the Great Beyond. Those who were in daily contact with him loved and respected him. He is sadly missed and the task of replacement is indeed a difficult one.

The department's number of calls and its duties are constantly on the increase. Appreciation and sincere thanks go to the members of our own department, the State Police, Sheriff's Department and members of other local departments with whom we are in constant contact. Without their aid and assistance, the performance of our duties would have been more difficult.

The department investigated seven auto accidents during the year: two of a serious nature and the remaining five of a lesser degree of seriousness. Two injuries were sustained in one accident and required hospitalization. Five cases required court complaints and all were found guilty.

The department was instrumental in obtaining a written confession from a Nashua, N.H. man for burglarizing several local stores. The man at present is confined to the House of Correction. Three house breaks were reported, and after investigation all property confiscated was returned to its owners. Because of amiable agreement between interested parties in this case no action was taken or desired.

A two-way radio has been ordered and will be installed at an early date. Funds for the unit will be supplied by the Hampstead Police Relief Association and the Federal Civilian Defense Agency in equal proportions. With the nation-

wide increase in crime, we feel it is of prime importance to the department that a rapid means of communication is available. The officers of the department do not hesitate, night or day, to investigate calls or matters of suspicious nature. We therefore maintain that possession of such a unit is vital to our safety. Because of the fact that the chief receives and investigates most calls, the unit will be installed in his car. With the installation, the department will have constant contact with State Police Headquarters at Concord.

Seven teen-age youths from out-of-state were apprehended for purchasing alcoholic beverages from a local store. Store owners are warned that proof of age carried by teenagers must be positive information. One of the youths carried a birth certificate bearing information completed to his liking.

Much time and effort is used yearly in maintaining control of dogs. The town's people are asked for assistance during the spring months in getting the dogs licensed at an early date. During the past year it required a period of time until August to comply with laws regarding dog licenses.

Bicycle registrations are also a subject that has been, during the past year, shunned by many. The purpose of bicycle registrations for children is to give the children a sense of responsibility. Certainly the cost is not prohibitive and no one realizes a profit from the law. We as a department hesitate when a law emerges that would compel us to confiscate bicycles from children. Realization of this fact, we hope, will assist us during the forthcoming year to comply with this regulation. This regulation is one of our many duties and it must be complied with.

Two mid-night road blocks were held during the past year. Considerable holiday, week-end and mid-night patrol work has been done.

The officers of the department attended a police training school at Plaistow during the winter months. At present

seven of our officers are enrolled in another similar course at Derry.

The department wishes to thank the people of the town for the cooperation extended its officers during the past year. In our duties for which we are responsible, much satisfaction and pleasure is derived in the part we play in making our town a more pleasant place in which to live.

Respectfully,

KENNETH H. CLARK, Chief of Police

REPORT OF THE PLANNING BOARD

During the year 1958 The Planning Board has been actively engaged in several projects:

One Zone "B" subdivision at Island Pond is in the development stage. The lots have been laid out and the roadway is presently under construction.

Location for roadway at Wash Pond has been agreed upon and a plan submitted to the Planning Board. This roadway running from Kent Farm Road to Wash Pond will provide a much needed access to several camps at the lake,

the occupants of which previously had trouble getting to a main road, especially during the winter months.

In 1958, Route 111 changed location through the town. This was relocated and rebuilt in two sections, the first section starting at the Atkinson-Hampstead line at the old location of Route 111, then proceeding one and three-quarters miles easterly to a point on the East Road at its intersection with the Whitcher Road. Construction of the second section began in the spring, and continued easterly from the East Road about two miles to the Danville Road at its intersection with the easterly end of the Leighton Road. Future plans provide for further construction to connect with the existing Route 125 somewhere in the vicinity of Kingston. Although access to the new roadway from abutting properties is limited by the state, the Planning Board feels that much of the usable land along this location will provide excellent possibilities for further development of the Town.

The Planning Board has completed a set of plans of the Town. These plans consist of nine sheets, with an index that shows the approximate property lines of all the properties in the town, at a scale of one inch equals four hundred feet. This is compiled from aerial photographs and actual surveys making an excellent base for Assessors Tax Maps at practically no cost to the tax payers.

Further survey is being made toward improving our present Building and Zoning Ordinance and the possible adoption of a Trailer Ordinance.

The Planning Board wishes to thank all the Townspeople for their support during the past, and with their help, to build a better and more prosperous Hampstead for the future.

Respectfully submitted,

JONATHAN WENTWORTH,

Chairman

MAURICE I. RANDALL,
(Temporary) Building Inspector

REPORT OF HIGHWAY AGENT

During the past year all graveled roads were graded twice. The tarred roads were patched several times. Broken culverts on the Depot Road and Brown Hill Road were replaced. Several of the worst ditches on the tarred roads were cleaned out. The Etta Ayer Road was completed with a mix in place job. With the cooperation of the campers, the ball field road was completed to Frank Leith's driveway.

East Shore Drive is the only town road that is not tarred, and it should be completed next year with a mix in place job.

The town now has to maintain old Route 111 both summer and winter which means a great increase in the budget.

LESLIE E. GEORGE, JR.,
Highway Agent

AUDITORS' REPORT

We hereby certify that we have examined the foregoing accounts of Selectmen, Tax Collector, Treasurer, Town Clerk, Trustees of Trust Funds, Road Agent, Library Trustees, Sexton and Police Chief for the year ending December 31, 1958, and find them correctly cast and proper vouchers therefor.

STANLEY P. JOHNSON,

IRENE W. BRICKETT,

Auditors

REPORT OF THE LIBRARY TRUSTEES

The trustees of the Hampstead Library are pleased to report that the project of putting on combination windows started in 1955 has been completed. We hope that we will now notice a saving on our fuel bill.

We have concentrated on books this year. A total of \$300 has been spent on the latest books, this sum having been split up into children's and adult books.

A new magazine rack has been added for your convenience; and a new book case has been placed in the children's room, which has eased a shortage of space in that room. It is most gratifying to see our circulation increasing each year and it is our earnest hope that it will continue.

We wish to thank Mrs. Whiteneck for her continuous devotion to her job as librarian. It is greatly appreciated by all the trustees.

Respectfully submitted,

MARION E. WRIGHT

PEARL CORNWELL

Library Trustees

LIBRARIAN'S REPORT — 1958

The increased budget voted at last year's Town Meeting has made it possible to purchase some much needed books. Among others purchased during the year is a set of "World Book Encyclopedia." These are being used extensively.

The ever increasing use of the Young People's Room for study is gratifying to the Librarian as much time and effort were expended in its preparation.

A new bookcase has been added to the Children's Room. This makes it possible to arrange the Children's Classics, Fairy Tales, Indian Stories and Biographies in a place easily accessible to the children.

The new magazine rack in the main reading room displays the magazines so they may be easily located.

The majority of juvenile borrowers are very prompt in returning their books but in a few families the children are very careless about this matter. The Trustees and Librarian would very much appreciate the cooperation of the parents.

Not enough time is allowed the Central School Bus pupils on Tuesdays to make proper use of the Library facilities. We wish it might be possible for them to have more time at the Library.

The new Bookmobile from the Exeter Branch has made more books available for our use. We certainly appreciate this service as well as that of the New Hampshire State Library in Concord.

Our circulation continues to increase as well as the number of registered borrowers.

We wish to express our gratitude to the many people who have contributed magazines and books during the past year. Among these are the following: Mr. and Mrs. F. Odgers Smith, Mr. John Parlin, Misses S. Evelyn and Barbara Taylor, Mrs. Herbert Johnson, Rev. Theodore Hadley, Mrs. Gordon Williams, Mr. Allen Pomeroy.

For some time we have felt the need of more material on Electronics. Mr. Pomeroy has helped to meet that need by donating regularly two editions of "Electronics," — Business and Engineering. Those interested in this subject are urged to make use of these magazines.

I wish to express my sincere appreciation to the Trustees for their wonderful cooperation during the past year.

Respectfully submitted,

BERTHA L. WHITENECK,

Librarian

CEMETERY TRUSTEES REPORT

We have eight cemeteries in the town which are maintained. Of these eight only five are now used. The Board of Trustees feels that it is time that considerable thought should be given to the acquiring of additional land to be used for burial purposes, as the number of lots that can be sold is becoming increasingly fewer.

The Trustees feel that any new sections that may be opened up in the future should be subject to stricter rules and regulations than now exist, so as to make for more economical maintenance and attractiveness.

The most serious tree removal problem in the Old Cemetery was taken, previous to Memorial Day of last year. We still have tree problems that will have to be taken care of. These problems exist in the Old Cemetery and there is a possibility of some to come in the West Hampstead Cemetery in the near future.

The Cemetery Department has purchased a new power mower this last year, to replace one of its original ones.

Respectfully submitted,

THOMAS H. ROOT

STANLEY P. JOHNSON

WARREN H. ELLS

Horace Tarleton	1961

OTHER OFFICERS

Name	Title
Laurence Cornwell (elected annually)	Moderator
Elizabeth R. Wentworth (elected annually)	District Clerk
Abbie Randall (elected annually)	District Treasurer
Stanley P. Johnson (elected annually)	District Auditor
Irene Brickett (elected annually)	District Auditor
Wendell V. Davis	Superintendent of Schools

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Hampstead qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the ninth day of March, 1959 at 7:00 o'clock in the afternoon, to act upon the following subjects:

Article 1. To choose a Moderator for the coming year.

Article 2. To choose a Clerk for the ensuing year.

Article 3. To choose a Member of the School Board for the ensuing three years.

Article 4. To choose a Treasurer for the ensuing year.

Article 5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

Article 6. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

Article 7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

Article 8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of School district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the State foundation aid fund together with other income; the school board to certify to the Selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. To see if the District will vote to raise and appropriate three hundred twenty-five dollars (\$325.00) to paint all outside trim on the Hampstead Central School.

Article 10. To see if the District will vote to raise and appropriate nine hundred ninety-six dollars (\$996.00) to install an automatic fire alarm system at the Central School.

Article 11. To see if the District will vote to raise and appropriate three hundred dollars (\$300.00) to break through the wall and install an exit door from Grade one to the porch, for improved fire exit.

Article 12. To see if the school district will vote to continue tuitioning Hampstead students in Grades nine through twelve.

Article 13. To see if the District will vote to add the services of a Union Art Supervisor. This position will not start until September 1960, and will not raise any money at this time. This service and expense will be shared with three other towns in Union No. 55.

Article 14. To see if the District will vote to add the services of a Union Remedial Reading Teacher. This position will not start until September 1960, and will not raise any money at this time. This service and expense will be shared with three other towns in Union No. 55.

Article 15. To see if the District will vote to add the services of a Union Special Education Teacher. This position would not start until September 1960 and will not raise any money at this time. This service and expense will be shared with three other towns in Union No. 55.

Article 16. To see if the district will authorize the school board to make application for and to receive, in the name of the district, such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from Federal, State, local or private agencies.

Article 17. To see if the district will raise and appropriate two hundred eighty-five dollars (\$285.00) to extend high school transportation to the residence of Leonard Doersam on the East Road. (By petition)

Article 18. To see if the district will vote to raise and appropriate a sum of money to extend the high school bus route on Kent Farm Road to include the residences of Knox, Leonard and Chesleigh. (By petition)

Article 19. To transact any further business that may legally come before the meeting.

Given under our hands at said Hampstead this sixteenth day of February, 1959.

GLENDON N. EMERSON

CHARLES B. CLARK

HORACE TARLETON

School Board

The Polls will be open to vote for District Officers from 7:00 to 9:00 P.M.

The other articles of the Warrant will be taken up at 8:00 o'clock.

BUDGET WORK SHEET

This is a presentation of the budget work sheet upon which your school board is operating during the 1958-59 school year and their proposed expenses for the year 1959-1960. It must be taken into consideration that monies appropriated in the month of March, to be used the following year, do not necessarily correspond in individual items, because of the impossibility of projecting the rising price indexes twelve months hence.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

January 30, 1959

To the School Board and Citizens of Hampstead:

I am presenting herewith my Third Annual Report as Superintendent of Schools in Hampstead. This report is written under the main headings: Personnel, School Buildings, Curriculum, Future Plans, Bonded Indebtedness and Borrowing Capacity and Community Organizations. Reports of the Nurse-teacher and Music Supervisors are included. The report of the principal and statistical reports follow this report.

Personnel

Last September Albert Wilson became the new principal of the Central School. Mr. Wilson is a graduate of the Plymouth Teachers' College and has had experience in New Hampshire and Connecticut, both as a teacher and a principal. Miss Claire McCarthy, a graduate of Lesley College with practice teaching in Boston, Reading and Stoneham, Massachusetts, is the new first grade teacher. Miss Frances Hoyt, who has taught for several years at the Hampstead High School, is teaching Mathematics and Social Studies in grades seven and eight. All teachers have continued membership in local, state and national professional teacher organizations.

Although teacher's salaries have increased in Hampstead, we are still below the New Hampshire average for elementary teachers, and New Hampshire is \$624 below the national average for all teachers. The prevailing wage for beginning teachers next year will be about \$3,800. I believe we should be willing to pay what is necessary to get strong teachers for they are the backbone of our school system.

School Buildings

Your School Board has continued to maintain and improve the physical condition of the school buildings and the gymnasium. Important improvements made since the last annual report have included repairing the flashing on the Hampstead High School roof, installing additional lights in the grade seven room, improving the partition between the seventh and eighth grade rooms, continuing the program for storm and screen windows at the Central School and replacing the lower exit doors of the gymnasium.

Curriculum

The courses of study and the textbooks used meet the highest standards. Emphasis has been placed on reading and a complete testing program under the guidance of Robert Dolph, Helping Teacher, is in operation. Mr. Dolph also acts as a consultant in the areas of retardation and maladjustment. Reading, which is the basis for all subjects, can be materially helped if adequate class size is maintained.

You will be asked to vote on warrant articles granting your School Board authority to subscribe to a program on a Union basis for a Remedial Reading teacher, a teacher for a Special Education Class, and an Art Supervisor. These new services cannot be added on a Union basis without first getting approval at each school district meeting one year previous. The towns of Plaistow, Hampstead, Atkinson and Newton would hire the same people. The time allotted and the cost for each town would be pro-rated according to school enrollments and adjusted valuation of each town. These are services which will improve the educational program and should be seriously considered.

Educational Television became a reality this past year and your school district became one of the first towns in New Hampshire to take advantage of this service. Channel 2, out of Boston, has broadcast daily courses in Music, Literature, Social Studies and Science and each course has

been very popular and worthwhile. Many other towns are contemplating this service for next year and with the addition of Educational Station 11 from Durham, more courses should be available. Special thanks go to the Hampstead Women's Club for providing and installing the television set.

A Summer School was carried out last year under the direction of Mr. Dolph and proved successful. It may be continued this summer if parents are interested.

Mr. Dolph and your Superintendent meet each month with all principals and head-teachers in the Union to discuss important trends in education and to give all an opportunity to exchange valuable ideas and techniques.

People generally in the United States are becoming more concerned about education. It is a healthy situation. I believe the United States has the best educational system in the world and I hope that we may continue to work for an improved educational system that will produce intelligent and understanding leadership.

Future Plans

This past year, as you know, the Hampstead High School was closed. I believe that this action was well taken. Former President Conant of Harvard University, who has been Chairman of a committee to study the American High School during the past two years, has periodically released information gathered in the survey. He strongly urges the closing of small high schools to enable each student to get a more comprehensive education.

This past year the majority of the students of high school age went to Hood Junior High and Pinkerton Academy — both in Derry. I have heard nothing but glowing reports from these two schools relative to the contribution that your sons and daughters have made to the schools. You should be justly proud.

The Fact-Finding Committee is still active and they have attended meetings in regard to a future Cooperative School.

I recommend that we continue to tuition our high school pupils until we can join a cooperative school district. The School Board makes no recommendation at this time relative to an addition to the Central School. They believe it is better to hold the line this year until our future plans become more definite. I believe you will notice that the cost per pupil this year has been lower even though transportation to Derry has been provided for the high school students. Paying for this transportation is well worth the cost because it invariably keeps the high school students in school for a longer period.

Bonded Indebtedness and Borrowing Capacity

According to the New Hampshire State Law, a school district may borrow up to 4% of the assessed valuation as equalized; by special permission the district may borrow up to 6%. The Hampstead School District has an assessed valuation as equalized of \$4,312,768.00 for 1956. The present indebtedness is \$5,600, which means that the present net borrowing capacity of the district as of March 1959 is \$166,910.72 at the 4% rate and \$253,166.08 at the 6% rate. When the 1958 figures are released, it will undoubtedly be larger.

The 1957 State Legislature increased state contributions toward costs of construction from 20% to 30% of the district's annual payment of principal on the debt.

REPORT OF THE NURSE-TEACHER

Gwendolyn Banks, Nurse-teacher

The School Health Program includes a yearly Medical Examination by Dr. Raymond Moore and the nurse-teacher. Grades 1-3-5-7 and all new pupils are examined. Notices of defects found are sent home to parents and a successful "follow-up" program has been carried out with the help of parents, clinics and the regular school program.

All children receive a hearing and vision test with the same cooperation and follow-up work through parents, school and organizations. This year we have a new Audiometer for the hearing tests and through the generosity of the Lions Club we have a new Vision Tester available.

Cursory examinations are done to protect the children at the beginning of school and after each vacation period. Color perception tests are done yearly in the 5th grade. Home visits, audio-visual program, health talks in the classrooms as requested by the teachers, pre-school registration, clinical visits etc., are all part of the regular program of the nurse-teacher. The nurse is at the Hampstead Central School every Thursday and may be reached in case of emergency on other days.

This year we were finally successful in having a Dental Clinic sponsored by the State Department of Health, with the cooperation of the Hampstead Parent-Teachers Association. Mrs. Marjorie Plaisted, Dental Hygienist with the State Department, conducted the clinic and 99 children grades 1 through 6 received four fluoride treatments and dental cleanings.

We wish to thank the community organizations that have assisted in the success of the health program. Also, I wish to extend appreciation to the many individuals and the school board for their continued support.

REPORT OF THE VOCAL MUSIC PROGRAM

Ann Treadway, Music Supervisor

The music program in Hampstead has been built along the following general lines: In the first two grades music classes include singing, listening, rhythmic activities and simple dramatic portrayals of the stories and moods found in the songs. The main emphasis at this age level is on enjoyment and the development of a sense of rhythm and a sense of pitch. From the third grade through the sixth, note-reading and technical learning are added to the basic pro-

gram of singing, listening, etc. The emphasis at junior high level shifts from development of skills to understanding and appreciation of many forms and types of music. Recordings of orchestral pieces are played and discussed; songs from many lands are sung and technical foundation is reviewed. The Hampstead junior high presented a Christmas production for the public just before vacation. This included several pieces sung by the entire seventh and eighth grades. The group will sing again at graduation.

REPORT OF THE INSTRUMENTAL MUSIC PROGRAM

Calvin Schraga, Music Supervisor

The aim of the program has been to produce an instrumental instructional program, leading to an advanced and beginners band in Hampstead. Demonstrations were given in the Hampstead Central School in an effort to stimulate growth in the program. Progress has been slow. We have scheduled a monthly combined meeting with the band students of Plaistow, Atkinson and Newton and the reaction on the part of the students has been wonderful. If this could be made a weekly procedure, I am convinced this would foster the growth of the program in the smaller schools.

In Hampstead at the present time we have four students in the Beginners Band and three students in the Advanced Band. If the four towns could combine for practice and share expenses of background instruments which are so necessary to the success of the program, I feel interest would be stimulated and considerable progress could be made.

Community Organizations

Appreciation is expressed for the continued support and cooperation of the Parent Teacher Association, the Civic Club, the Womens' Club and all other organizations. At this

time I wish to thank everyone who has helped me this past year in making the work of the school department successful, and to extend my appreciation.

Respectfully submitted,

WENDELL V. DAVIS,
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent of Schools and
the School Board:

I hereby submit the annual report for Hampstead Central School.

Two major innovations were made in the system of reporting pupil progress. First, the number of report cards to be issued each year was reduced from six to four. It was felt that the first report to parents occurred so closely following the opening of school, that often it was impossible for the teachers to give a fair evaluation of student progress. In order to keep parents more adequately informed, warnings are being issued between each reporting period.

Secondly, the faculty agreed to further implement the reporting system by incorporating parent-teacher conferences. The afternoons and evenings of November 18th and 19th were set aside for this purpose. All parents had specific appointments with the teachers of their children. Each conference was held for a twenty minute period at which time a bell signalled the end of the conference. The parents of approximately 86.5% of the school population participated in the conferences. The conferences were successful not only in terms of numbers, but in terms of their value to the school staff in providing a better education for the children. The conferences will be held again in the second week of April, 1959.

It was necessary to discontinue, indefinitely, the school hot lunch program owing to the small number of participants. At the close of the program, the lunch program was serving only one-third or less of the children remaining at school for lunch.

The seventh and eighth grades presented a Christmas Program this year with the music under the direction of Miss Treadway.

It might be deemed advisable at some future period, for the district to consider the addition of a manual arts and homemaking course to provide a more enriching curriculum for the upper elementary grades. In as much as the equipment necessary for a basic course of instruction in these areas is already available, the initial cost for such a program would not be as great.

The people of Hampstead have been very cooperative in supporting and promoting school projects. The Parent-Teacher Association has been active in providing various services for the school. It is to these people, the superintendent, and the school board, that the staff of Central School expresses its sincere appreciation.

Respectfully submitted,

ALBERT W. WILSON,

Principal

SUPERVISORY UNION No. 55

SCHOOL CALENDAR

1958-1959

Teachers' Meetings, Tuesday, September 2
Fall Term Begins, Wednesday, September 3
Fall Term Closes, Tuesday, December 23 (full day)
